## Commissioner for Patents

Applicant request that the references cited in the parent patent (U.S. Patent No. 6,366,323) be listed in a PTO-892 so that they will be listed on the patent granted for the present application. In accordance with MPEP 1406, the Examiner should have provided these references on a PTO-892. Therefore, the PTO-892 with the references cited in the parent patent is being provided in this communication. However, the Shono reference (U.S. Patent No. 6,031,998), which was provided in an IDS provided by the applicant on July 7, 2004, and Japanese reference (JP 06-230263 A), which was provided in the PTO-892 mailed on December 28, 2004, have already been cited and thus, will not be cited again in the new PTO-892 attached to this communication.
